TESTIMONY 3

I had been the pastor of a church for over ten years, but lately I had really lost my passion and heart for it. I was taking money from the offering. I was even hitting on women who were coming in for counseling. Basically, I was a scum. But that all changed when I called Jesus. I can remember the day vividly. I had been in the hospital after my car accident when your ad came on the television. I knew that this was for me. I picked up my cell phone and gave Jesus a call. Jesus wasted no time coming right away to meet me. It was amazing. Now, I am leading a thriving church. Thanks, Jesus!
